

Recognizing Excellence In Pharma

The annual CPhI Pharma Awards show, the highly anticipated event at CPhI Worldwide, will take place October 4th at the Fairmont Rey Juan Carlos I from 7:00 – 10:30 PM. The Awards were first established in 2004 and are designed to honour companies and individuals driving the pharmaceutical industry forward with their innovation.

With the support of leading pharma associations and media partners, CPhI Pharma Award is one of the most prestigious award shows in the Pharma industry.

This year, there are 12 categories in which companies will compete for recognition that include: API Development; Formulation and Excipients; Manufacturing Technology Equipment; Bioprocessing; Analysis Testing and Quality Control; Drug Delivery Devices; Packaging; Supply Chain, Logistics, and Distribution; Contract Services and Outsourcing; Regulatory Procedures and Compliance; Corporate Social Responsibility; and CEO of the Year.

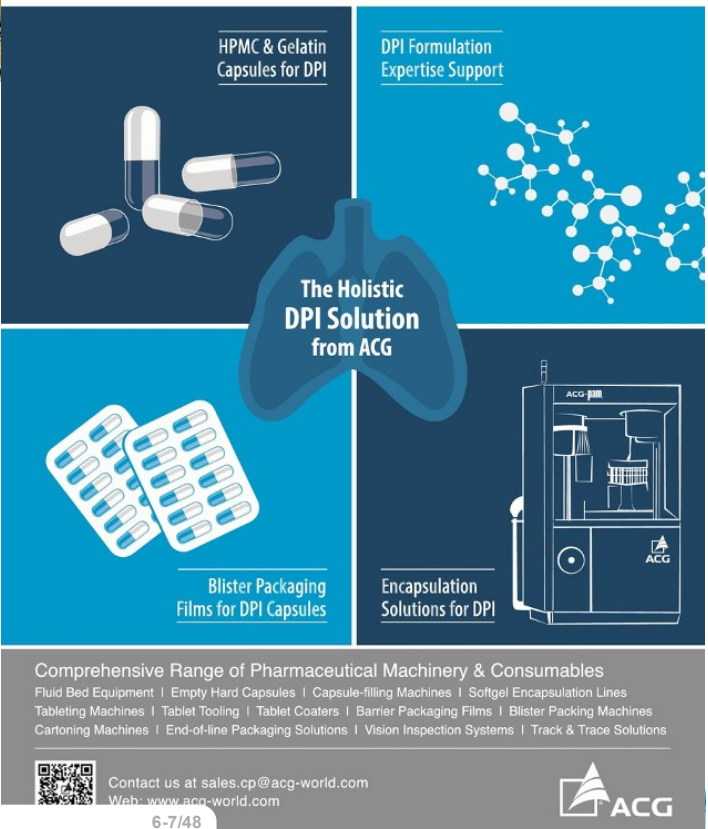

"This year CPhI Pharma Awards is more important than ever since the whole Pharma supply chain is covered by these 12 categories," said Flavio Jungler de Oliveira, PR & Media Relations Manager for USM. Full coverage of the winners can be found in the October 6th CPhI Show Daily.
